Subjective:

Chronic headaches, she complains

lack of sleep
Too fatigued to lament

lack of love
Too weak to fight

lack of voice
Resigned to

Chasing her pain with pills

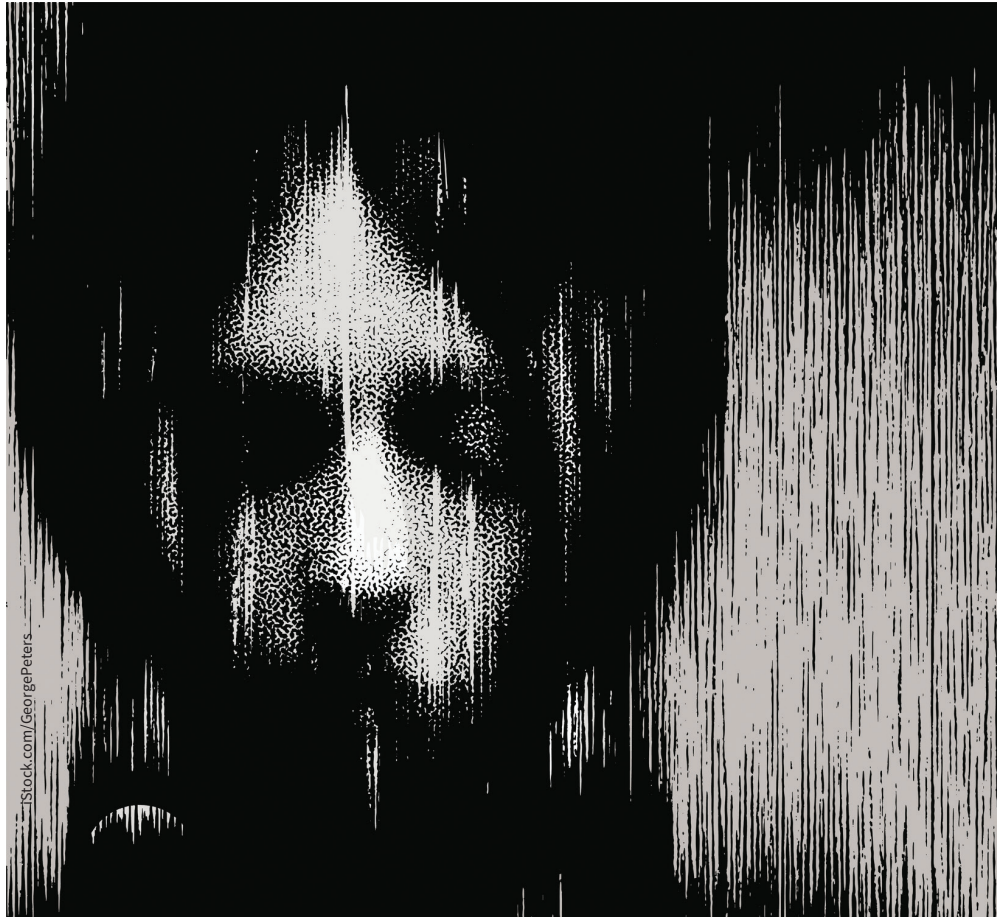

Objective observations:

Affect flattened
Her eyes blackened by fist impressions

Forearm bruises read like a map
islands without sanctuary

A second-degree burn from
failing
the third degree

her hands tremble
her compass sways between gain and loss
old lines fade, new ones are drawn

Assessment:

she believes she can change him
she believes he is wounded
she fears escalation

Plan:

Survival prn
