

Correction

Correction to “Booster vaccination with inactivated whole-virus or mRNA vaccines and COVID-19–related deaths among people with multimorbidity: a cohort study”

CMAJ has been made aware of an error that occurred in the Jan. 30, 2023, issue.¹

Figure 2 was missing its legend. In both panels, the group who received 2 doses of SARS-CoV-2 vaccine is indicated in blue-green, and the group who received a booster dose is indicated in orange.

This has been corrected at cmaj.ca.
