

Supplemental Figure. An illustration depicting the surrounding anatomy and location of the intermetatarsal synovial bursas in the foot.

The intermetatarsal bursitis between the 2nd and 3rd metatarsal heads is illustrated. The names of each structure in the diagram within the square area are as follows; 1 = dorsal interosseous tendon, 2 = plantar interosseous tendon, 3 = lumbrical muscle, 4 = adductor hallucis tendon, 5 = deep transverse metatarsal ligament, 6 = superficial transverse metatarsal ligament, 7 = flexor digitorum tendons, M1-3 = metatarsal heads 1-3.
