**Locum Gastroenterologist**

**Division of Digestive Care & Endoscopy, Department of Medicine**  
**Dalhousie University/Nova Scotia Health Authority**  
**Halifax, Nova Scotia**

The Department of Medicine (Dalhousie University and Nova Scotia Health Authority) seeks applications for a locum Gastroenterologist/Hepatologist at the QEII Health Sciences Centre, Halifax, NS.

The Division of Digestive Care & Endoscopy is one of 15 divisions in the Department of Medicine and is a leader of tertiary clinical services in the Atlantic Provinces. In addition to playing an important clinical role in the Department, Division members have excellent opportunities for collaborative research and educational endeavours with protected time for scholarly activities to ensure rewarding, fulfilling career development within a Clinical Academic Funding Plan. It is expected that the successful candidate will provide specialty care in hepatology in addition to general gastroenterology during the locum. This is a combined University and Hospital position. Academic rank will be dependent upon qualifications and experience. Candidates must have FRCP(C) certification (or equivalent) in Gastroenterology. Candidates must be eligible for specialty licensure in Nova Scotia.

The Department of Medicine is committed to fostering a collegiate culture grounded in diversity and inclusiveness.

Please send a cover letter, Curriculum Vitae, and names and contact details of three referees to:

Dr. Ian Epstein and Dr. Steven Gruchy, c/o Sandy Porter, Team Lead,  
Division of Digestive Care & Endoscopy, Sandy.Porter@nshealth.ca

Closing date for applications is January 31, 2022

Paediatricians, including Dept. Chief

Full Time & Locum Opportunities
Bluewater Health, Sarnia, Ontario

Bluewater Health is recruiting a progressive Chief to provide leadership to the Department. The Chief remuneration is .5 day/week, and it is expected that the physician leader will also have a clinical practice.

The Chief will work in collaboration with the Medical Director and Administrative Director of the Maternal Infant Child Program, to provide leadership in program visioning, planning, resource allocation, service excellence, research, and quality improvement. In addition, the Chief is responsible for ensuring that quality medical care is delivered, that professional medical practice is advanced, and that physicians function as partners in the care of patients within the program.

A Paediatrician interested in practicing at Bluewater Health will find:
- An ideal opportunity for full spectrum community paediatric practice
- Exciting opportunity to develop a chronic disease centre of excellence
- A level IIB NICU
- State-of-the-art equipment
- Child & adolescent psychiatry available
- A child and family friendly community
- Children's mental health centre, and children's treatment centre available in community
- Remuneration is fee for service

The ideal candidate for the position will have:
- FRCP or acceptable equivalent in Paediatrics
- Eligible for Independent License with the College of Physicians and Surgeons of Ontario (CPSO)
- Strong interpersonal & collaborative skills and dedicated to service excellence
- Participation in training of residents/medical students is desirable
- Canadian Permanent Residency or be a Canadian citizen

Bluewater Health operates 300 beds at hospitals in Sarnia and Petrolia. We are award winning, Accredited with Exemplary Standing, and have state-of-the-art facilities. We offer an array of specialized acute, complex continuing care, allied health and ambulatory care services including:
- A broad range of diagnostic services, including CT and MRI
- Full spectrum of specialists available 24/7 (neurosurgery not available)
- Fully staffed 24-hour high volume 2 emergency departments (Sarnia & Petrolia)
- Affiliated with Western University’s Distributed Education Network
- Collegial Medical staff community

For the third year in a row, Newsweek has recognized Bluewater Health as one of the best hospitals in Canada. We are committed to improving the patient experience using engagement, Lean, and innovation.
