The Queen's Department of Family Medicine is seeking family physicians to join the Queen's Family Health Organization (FHO) in beautiful, historic Kingston, Ontario. Clinical responsibilities will be based within the Queen's Family Health Team (QFHT). The preferred candidates will assume an existing practice and/or will roster new patients. They will be members of the on-call group providing call approximately two nights per month and four weekends per year.

The preferred candidates will have demonstrated experience or interest in clinical teaching of both undergraduate medical students and postgraduate trainees. With the implementation of competency-based medical education (CBME) and assessment into the department's postgraduate program, the successful candidate will be required to participate on a regular basis in the supervision of residents and medical students. This will include serving as an academic advisor for assigned residents, completing field notes and in-training evaluations; participating in practice examinations and in the preparation of such examinations; and attending faculty development sessions, in addition to continuing medical education as per departmental expectations.

Applicants must be eligible for licensure with the College of Physicians and Surgeons of Ontario on or before the appointment start date, and preference will be given to applicants who have current, valid certification (or equivalent) in family medicine from the College of Family Physicians of Canada.

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQIA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal Laws, the University is obliged to gather statistical information about how many applicants from each job vacancy are Canadian citizens/permanent residents of Canada, applicants need not identify their country of origin or citizenship, however, all applicants must include one of the following statements: “I am a Canadian citizen/permanent resident of Canada” OR, “I am not a Canadian citizen/permanent resident of Canada.” Applications that do not include this information will be deemed incomplete.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant’s accessibility needs. If you require accommodation during the interview process, please contact the Department of Family Medicine at the email listed below.

Review of applications will continue until the positions are filled. Applicants are asked to send a curriculum vitae, three references, and a letter outlining qualifications and experience to:

Provincial Head, Department of Surgery
University of Saskatchewan and Saskatchewan Health Authority

The Department of Surgery has more than 250 surgeons working in teams across Saskatchewan to provide high-quality surgical care for over 1.1 million people. Our commitment is to provide world-class care to our patients through fostering an environment that values clinical excellence, education, innovation and collaborative research. Our surgical postgraduate training programs include over 60 residents and fellows that are distributed throughout the province.

The Provincial Head is a key leader in Saskatchewan's health care system. Reporting to the Dean of Medicine, University of Saskatchewan (USask) and the Chief Medical Officer, Saskatchewan Health Authority (SHA), the Provincial Head works closely with Area Surgical Department Leads and academic leads to develop and execute strategy in alignment with the College of Medicine and the SHA.

The College of Medicine has a full range of academic programming, including the School of Rehabilitation Sciences and the Division of Biomedical Sciences. The college serves the people of Saskatchewan by producing outstanding clinical practitioners, generating new knowledge and facilitating improved patient outcomes. Within the college, there are 2,000 faculty and 700 employees working with over 2,100 learners providing a full range of academic programming at more than 40 sites.

In 2017, the SHA transitioned from 12 regional health authority to one provincial health authority. As the largest employer in Saskatchewan, the SHA employs approximately 43,000 staff and is responsible for the delivery of healthcare to the province. The SHA infrastructure includes 64 hospitals with 2,500 acute care patient beds and approximately 9,000 long term care beds.

The Provincial Head’s priority is to lead the department and ensure that it accomplishes its clinical, teaching and research endeavors. In this full-time role, the Provincial Head is expected to engage in academic work and clinical service, and is appointed to SHA medical staff while holding an academic appointment in the college. The Provincial Head provides leadership and support to the academic and clinical work undertaken within the department.

In collaboration with academic leadership, the Provincial Head is accountable for successful delivery of undergraduate, postgraduate and continuing medical education programs, and facilitation of research activities. The Provincial Head works with the Area Department Leads and operational leaders for delivery on strategic plans, human resource planning, and quality and safety including the development of clinical practice standards. This includes striving for equitable access for all Saskatchewan residents, building physician leadership, and working to reduce surgical backlog and wait times. The Provincial Head ensures resources are aligned with the goals of the college and the SHA.

The College of Medicine seeks an experienced and visionary leader with an established academic track record, administrative leadership experience and strong interpersonal skills. The Provincial Head will be at the rank of Associate or Full Professor, eligible for certification as a surgeon with the Royal College of Physicians and Surgeons of Canada, and have the ability to be fully licensed in Saskatchewan.

Department of Family Medicine
Academic Family Physicians – Hospitalists

The Queen’s Department of Family Medicine (DFM) is seeking academic family physicians for the role of hospitalists in beautiful and historic Kingston, Ontario. Opportunities include one week per month, two weeks per month, half-time and full-time roles.

With a combination of academic and clinical experience, preferred candidates will have their clinical responsibilities based within DFM’s Hospital Medicine Division. The hospitalists will provide care within Providence Care Hospital (PCH) and the Transitional Care Centre. The hospitalists will be members of the on-call group providing on-call coverage. Preferred candidates will also work closely with hospitalists within the Kingston Health Sciences Centre and the Stroke Transitional Unit, to ensure a smooth transition of patients to PCH.

Among their academic responsibilities, preferred candidates will undertake family medicine-based hospital medicine research. They will also assume educational duties that realize DFM’s SEAMO deliverables. These duties may include pursuing education and curriculum development opportunities for residents interested in hospitalist medicine, as well as undergraduate medical education opportunities.

Applicants must be eligible for licensure with the College of Physicians and Surgeons of Ontario on or before the appointment start date. Preference will be given to applicants who have current, valid certification (or equivalent) in family medicine from the College of Family Physicians of Canada.

Rich in history, culture, attractions, and cuisine, Kingston consistently ranks as one of the best places to live in Canada, offering an abundance of festivals, concerts, and events; unique restaurants, pubs, and cafés; historic sites, live theatre, museums, art galleries, and eclectic shopping; and beautiful running, hiking, and biking trails along Lake Ontario, all within our downtown core (visitkingston.ca).

Queen’s University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen’s University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

The University invites applications from all qualified individuals. Queen’s is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQIA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal Laws, the University is obliged to gather statistical information about how many applicants from each job vacancy are Canadian citizens/permanent residents of Canada. Applications that do not include this information will be deemed incomplete.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant’s accessibility needs. If you require accommodation during the interview process, please contact the Department of Family Medicine at the email listed below.

Application review will commence immediately and continue until positions are filled. Letters of application outlining how current qualifications and experience match our requirements (and including one of the two statements regarding Canadian Citizenship/permanent resident status specified above), accompanied by a curriculum vitae and the names and contact information of three (3) referees, should be directed to:
